If you would like Imaging Spectrum to ship outside of the U.S., follow these simple steps

1. Select Products you wish to purchase at www.imagingspectrum.com
2. Calculate the total weight of the products you wish to purchase using the information on the website.
3. Contact a freight forwarding company. A couple of examples would be www.schenker.com and www.miq.com. We can ship to the freight forwarding company for you as long as they are in the continental United States.
4. Wire the total amount plus $20 dollars to our bank.
5. Email or Call Imaging Spectrum with your order and include your shipping instructions, we will create a sales order, and contact you once we have received the wire transfer.

There is no warranty available for products shipped internationally.

We provide no repairs/tech support for international customers.

See wire information below:
